TRY THIS LIQUID IF YOU HAVE ECZEMA

Thousands of people throughout Texas and the South have been permanently cured by Imperial Eczema Remedy.

The product is a nice, clean liquid, made from such well-known antiseptics as wintergreen, carbolic acid, chloralhydrate, etc. The liquid penetrates the skin, opens the pores, goes down to the very roots of the trouble and purifies the diseased parts. It immediately stops all itching and pain, you feel soothed and refreshed. It soon leaves the skin perfectly normal, pure, soft and white, and the trouble will never return again.

If your druggist hasn't Imperial Eczema Remedy in stock and will not get it for you, mail us \$1 and we will send you a bottle by express, charges prepaid. Imperial Medicine Co., Houston, Texas.

MAYOR URGES SETTLEMENT OF WATER QUESTION BY BUYING PRESENT PLANT

(Continued From Page One.)

Taxpayers on next Tuesday will vote favorably upon the bond issue so as to enable this council to purchase the existing plant in the event that a satisfactory solution of the financial difficulties can be presented or in the event of failure so as to put in the hands of the council sufficient money with which to secure a water supply for the city and the citizens.

I deem it my duty to inform you and to put it upon record that it is my position that it is absolutely essential to the welfare of El Paso that those bonds should be authorized, for if we do not purchase the existing plant on account of inability to finance it we will need the money still more urgently in order to provide ourselves with other means of supply.

It must never be forgotten that even though the council be authorized by election to issue the bonds unless it becomes necessary to do so to purchase the existing plant or provide another. Respectfully submitted,

W. F. Robinson, mayor.
Letter to Water Co.
El Paso, Texas, May 24, 1910.
International Water Co.
El Paso, Texas.

Gentlemen: Your proposal to sell your plant to the city for the sum of \$257,000, of which \$250,000 are to be paid you forthwith and the remainder (the amount due bondholders) to remain in lien on the property has in substance been approved by the people.

Without laying any stress upon my individual opinion as to the expediency of this course I assure you that I am willing to obey the directions of my constituents if it can be done and the public supplied with water by your plant, either in its present condition or in the state which the city has means to place it in. The present system is confessedly and wholly inadequate therefore it must be enlarged and that too at an expenditure of some \$400,000 or the public will suffer a great and increasing deficiency of an essential to life.

Matter of Money.
The city can now raise \$275,000 and no more. You demand this in part payment of the \$450,000 to become due you for purchase money and in addition thereto you ask for the further sum of \$75,000 to be taken from the general fund.

Where could we get the additional sum of \$400,000 imperatively required to enlarge the plant and enable it to perform the functions for which and for which alone it is to be purchased? Is the public to pay you \$450,000 to enable you to retire without loss from an unsuccessful enterprise and then find itself as badly off for water as it was before? Is the city to expend \$400,000 for a plant which will not be for one moment tolerable such a proposition and I will not sanction any measure which would in the slightest degree tend to compel them to do so.

The charter, general laws and the constitution of this state absolutely forbid us to raise more than \$275,000. This is not an empty assertion but a fact known to none better than yourself. Should we give you all of this, painfully raised \$275,000 more and then still suffer for the necessity you promise to supply?

Would Not Defeat People's Will.
I do not desire to defeat the will of the people and to deny their request for municipal ownership of your plant. I am willing to follow them and do not seek to impose my own opinions. I have a plan by which your plant can be bought and at the same time the city can have the means to provide its inhabitants with water. That plan is brief as this:

Instead of paying you the \$450,000 down now be content for the present with a sufficient payment in the way of earnest money to bind the bargain and to show that we are acting in good faith and let the rest of your purchase money remain a lien bearing interest on the plant just like the sums due by you to the bondholders until the growth of the city enables us to pay charge it. If this plan is adopted we can secure you, obtain municipal ownership and have money on hand with which to make the improvements without which the plant will be of no advantage to the public. This is my proposition with which to meet the many difficulties of this perplexing situation. If it has your approval all can be done as proposed. If not, what is your plan? I am not wedded to my own ideas and will approve any suggestion of yours which will solve the problem. My solution and I earnestly request you either to approve it or to propose an alternative. A speedy answer is requested. The bond election is approaching and the voters have a right to demand the information that will enable them to cast their ballots with a full knowledge of all the facts.

You may suggest that we pay you at once the \$275,000 to be raised by the sale of the proposed bonds and then wait until the expected increase in taxable values will enable us to call another bond election and thus raise more money and improve the plant. Such a course will necessarily occasion a long delay, during all of which the people will continue to suffer and will not meet my approval.

W. F. Robinson, mayor.

Coldwell Comments.
Alderman Hewitt asked the mayor if he desired any action taken on this communication and the mayor said: "None is possible, we have received no reply from the water company or its attorneys. I simply want you to see what has been done in the premises."

City attorney W. M. Coldwell then presented the following report on which no action was taken.

El Paso, Tex., June 16, 1910.
Honorable City Council of the City of El Paso, Texas.
Gentlemen:

The case of the city of El Paso against International Water company is set to be heard before Judge T. S. Maxey at Austin, Texas, on June 22, 1910. Unless some arrangement is made with the water company by which the case can be either settled or postponed, of which latter there is small expectation, it will be necessary for me to be in Austin on June 22. It is imperatively necessary for me to receive instructions from you as to the course which you desire to follow in the event that the decision of the court is not favorable to the maintenance of the receivership.

In my opinion, it would not be wholly unfortunate for the city, if the court should dissolve the receivership, as in

Diarrhoea should be cared without loss of time and by a medicine which like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant after effects. It never fails and is pleasant and safe to take. Sold by all dealers.

that event you will be at liberty if you deem advisable to adopt more energetic measures which offer a reasonable hope of a satisfactory and not distant solution of our water question.

Very respectfully,
W. M. Coldwell,
City Attorney.

City's Health.

City health officer W. H. Anderson's weekly report showed a total of 21 deaths, of which six were Americans, 15 Mexicans; 24 births of which eight were American, 16 Mexican. The cases of contagious diseases reported existing are whooping cough, 68; smallpox 6; measles, 26; typhoid fever, 21; 217 inspections were made of meat markets, 125 of dairies, 22 of slaughter houses, 110 of fruit and vegetable stores and wagons, 44 of premises, 1333 cattle were inspected for tuberculosis, 1116 found free; 217 reacted. Forty-nine hundred and thirty-one pounds of meat were condemned. One hundred and seventy-eight cattle, 14 hogs, 20 calves, 20 sheep, 76 goats were condemned. Two hundred and 20 pounds of pork were condemned. Eight hundred and 40 persons were vaccinated during the week.

The Quarantine.

"Since the quarantine began," said Dr. Anderson, "we have issued certificates to 9524 persons and vaccinated 3714. In another month we will probably be able to discontinue the quarantine, though we are still vaccinating on an average 50 persons per day."

"I believe this is the first city in Texas that has tested all its dairy cows."

Sewer Work.

Sewer commissioner J. W. Hadlock's weekly report showed 109 feet of sewer laid, 50 feet of sewer cleaned at Ninth and Oregon streets, five plugged sewers cleaned, five y's put in; 20 flush tanks and manholes examined.

Chickens Stay.

Alderman Blumenthal reporting on a petition to have M. Melvin move chickens away from the rear of his market on Stanton and Texas streets, said he found everything in a satisfactory condition and there is no ordinance which would prevent his keeping chickens, so the petition was denied.

Subways Soon.

Clayton recommended that a franchise be granted Silberberg Bros. to run a steam pipe from the Rio Grande bank building to their new store on the corner of Mesa avenue and Texas street.

The petition of East El Paso residents for a street to be cut through the northern part of East El Paso and extending to Tularosa street from Piedras street to Stevens avenue.

Park Improvements.

Further he recommended that the bus station on East Jackson square be destroyed and a concrete stand with a tool house and public comfort subway be erected.

He also recommended the erection of a toolhouse in Houston square, a pavilion in Mundy park for tools and that the basin for a pool in Houston square be converted to a sunken garden. The enlarging of the keeper's house at Highland Park was also recommended.

Washington park needs several changes," he said. "There are too many cross walks and a number of trees need transplanting. The zoo is a fine place and it is a pity that we have to move the animals to a point near the lake, where it is cooler and the unpleasant odor of the cages not so noticeable."

Pete Cardello stated that he was appointed city engineer in 1909, at a salary of \$25 a month. March 1909, but has never been paid. McGhee said: "This is the first I have heard of it; that department has never paid expenses. It took to me as Mr. Cardello might attend to that little work."

"A New City Office."

The Electric Railway company desired to purchase a piece of sewer pipe and their communication relative thereto was referred to alderman Blumenthal.

Paving.

The first approximate estimate of the city engineer for paving North Stanton street showed \$257,350 due, which the clerk was ordered to pay.

The ordinance regulating hucksters was laid over until next Thursday in order that a provision might be inserted relative to the issuance of licenses.

Fire Marshal.

An ordinance creating the office of fire marshal, to investigate all fires, placed on its first reading and adopted. The emergency clause attached. The salary was fixed at \$100 per month.

A petition was presented by a committee of the chamber of commerce requesting that the city council appoint former Mayor Joseph T. Sweeney to represent the city at the insurance hearing to be held in Austin on June 21, his expenses and fees to be paid by the city from the general fund. This was signed by W. E. Anderson, H. D. Slater, A. Schwartz and A. P. Coles.

After the reading of the petition, alderman Robinson said: "We have already been to a great expense, former mayor Sweeney and myself having gone to Austin. Nothing but our expenses were paid and mayor Sweeney received no fee."

Alderman Hewitt then asked: "Since a meeting of the legislature has been called, are they going to touch the same thing? Will not that hearing be called off?"

Mr. Slater said: "We do not know if they will call off the meeting, but if it is held, the city will go on and we will need to be all the stronger. It is most likely that the matter will go before a legislative committee, but we should be represented."

Mayor Robinson said: "The state board has the law back of it, and can change the rates if it so desires."

Insurance Fight.

A. Schwartz said: "Senator Hudspeth told me that the insurance companies will put up a big fight and we need good representation."

Mr. Slater said: "Relative to paying Judge Sweeney out of the general fund, a large sum, probably \$1500 or \$2000 will be raised by popular subscription but this is a benefit to all."

Allderman McGhee recommended that the city clerk be instructed to draw a warrant for \$7444.35 in favor of the Rio Grande bank to pay interest on the general fund.

Stock Yards Hearing.

The council then adjourned until 2 o'clock for the purpose of hearing protests against the stock yards within the city limits.

LAS CRUCES AND MESILLA VALLEY

PRODUCE EXCHANGE HAS NEW OFFICES

The Las Cruces Organization Ships Apples—Fruit Crates Ordered.

Las Cruces, N. M., June 16.—The Mesilla Valley Produce Exchange has moved into its new offices adjoining its big bay barn west of the Santa Fe depot.

Wednesday the exchange shipped 50 boxes of fine yellow transparent apples, nearly the entire shipment going to Illinois points. A car load of fruit boxes has been ordered for the members of the exchange, also several cars of onion crates will be ordered to pack the big crop of onions for market.

There is a big cabbage crop this season and the exchange is now endeavoring to get a car in for early shipment.

BERINO STORE OPENS WITH TWO DANCES—LOCAL NOTES.

Berino, N. M., June 16.—The new Berino store was opened by two dances, one given for the Americans and the other for the Mexicans.

The attendance at Sunday school is keeping up well considering the hot summer months.

Mrs. V. G. Gardener entertained her Sunday school class at her home. Those present were Dorothy and Donald Price, Gertrude and Leo Billings, Emma Raine, Maudy Kilgore, Sadie Sykes and Anna James.

There will be preaching services Sunday by J. L. Burns.

Miss Georgia Smith is up to spend the summer with her parents.

Mrs. Rawlings has returned home after a week's visit to her son, Dr. J. A. Rawlings, of El Paso.

Mr. and Mrs. W. G. Coxhead, who have been visiting the Kilgore family, have returned to their home in Chihuahua, Mex.

Miss Annabel Cushman, of Dallas, Texas, visited with the Kilgore family here on her way to attend the summer normal at Silver City. She expects to teach in the territory.

A. AND M. COLLEGE ISSUES ITS ANNUAL CATALOG.

Las Cruces, N. M., June 16.—The 29th annual catalog has been issued by the New Mexico College of Agriculture and Mechanic Arts. It contains 160 pages filled with detailed information of the college work in all departments and all other information needful for the prospective pupil.

The 1910-1911 term begins August 30. The board of regents remains the same as last year, being R. E. McBride, president, Las Cruces; Vincent B. May, secretary and treasurer, Las Cruces; Hiram Hadley, Mesilla Park; George Arnold, Albuquerque; and W. A. Sutherland, Las Cruces.

Advisory members are William J. Mills, governor of New Mexico, Santa Fe; and J. E. Clark, territorial superintendent of public instruction, Santa Fe.

MUSIC TEACHER WILL RETURN TO LAS CRUCES.

Las Cruces, N. M., June 16.—Miss Maud Morrison and mother, Mrs. L. C. Morrison, are to return to Las Cruces in a few weeks to make their home. Miss Morrison was the teacher of vocal music at the Agricultural college two years ago.

DRAMATIC CLUB GIVES PARTY AT EARLHAM.

Earlham, N. M., June 15.—The moonlight picnic given by the La Mesa dramatic club at the Creamer residence was well attended. The members of the club are considering giving another performance.

LAS CRUCES WOMEN PLAN FOR CAKE SALE.

Las Cruces, N. M., June 16.—The women of the Catholic church will hold a cake sale Saturday at Freeman & Walker's store. The women are contributing liberally toward the improvement of their church property.

LAS CRUCES DAILY RECORD.

Las Cruces, N. M., June 16.—The following deeds and other papers of record have been filed with the recorder of Dona Ana county:

Deeds Filed.

Eva J. Edwards to Western Auction and Mercantile company, warranty deed to lots 5 and 6 in block 31 of Miller's addition; consideration \$1 and other valuable consideration; dated June 6, 1910.

Ricardo Gonzalez to Fausto Quintana, quit claim deed to one certain lot in precinct 3 in the town of Las Cruces; area 25 feet by 50 yards; consideration \$25; dated May 3, 1909.

Henry D. Bowman et ux to George E. Fischer and Chauncey O. Rucker, warranty deed to the southwest quarter of section 26, the southeast quarter of the southeast quarter of section 27, and the northwest quarter of the northwest quarter of section 35 in township 16 south of range 2 east, containing 240 acres; consideration \$5500; dated June 11, 1910.

H. S. Anderson to D. S. Mytinger, warranty deed to the east half of lot 2, block 75 of the original plat of Las Cruces; consideration \$175; dated April 14, 1910.

J. T. Miller to W. C. Frank, warranty deed to lots 6 and 3 in block 69 of Miller's addition; consideration \$1 and other valuable; dated September 4, 1909.

J. D. Wollett to Alfonso Castellanos Haas, warranty deed to lot 15 in block 121 of Westmont Heights addition; consideration \$25; dated June 15, 1910.

L. H. Vanderwerf to Bertha B. La-cour, warranty deed to lots 39 and 40 in block 34 of Miller's Washington Park addition; consideration \$1 and other valuable; dated September 4, 1909.

Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by all druggists.

GREAT RECEPTION FOR MR. ROOSEVELT

New York, N. Y., June 16.—When Col. Theodore Roosevelt steps from the liner which is bearing him home, to the revenue cutter Androscoggin Saturday morning the machinery will be set in motion for what is expected to be one of the most remarkable demonstrations of the kind ever held.

The celebration will consist of two main features, a water parade and a land parade. Hundreds of vessels will take part in the former while the festivities on the land will engage countless thousands either as marchers or spectators.

The actual marchers will be restricted to Rough Riders and Spanish war veterans acting as an escort. Other organizations will be assigned to stations along the line of march.

Mayor Gaynor's committee of 300 visiting governors and other notables will extend first greetings on the Androscoggin. The vessel will then take its place at the head of a double column of excursion steamers, private yachts and tugs and the naval parade will begin.

For two minutes a salute to the president will be given by steam whistles in the harbor craft. Reaching the battery at 11 o'clock, Col. Roosevelt will be received by mayor Gay
